The Bloods

The **Bloods** are a prominent African-American street gang that originated in Los Angeles, California, in the early 1970s. Here's a brief overview:

Origins and History

- **Formation**: The Bloods were formed to counter the influence of the Crips, another dominant gang in Los Angeles. The rivalry began when the Crips attacked Sylvester Scott and Benson Owens, leading them to

form the Piru Street Boys, the first Bloods gang.

- **Expansion**: Over time, the Bloods expanded throughout Los Angeles and beyond, establishing various subgroups known as "sets." Each set operates independently but shares common symbols and colors.

Characteristics

- **Colors and Symbols**: The Bloods are known for wearing red and using distinctive

hand signs. They also have unique tattoos and graffiti to mark their territory.

- **Activities**: The gang is involved in various criminal activities, including drug trafficking, assault, robbery, and homicide.

Alliances and Rivalries

- **Alliances**: The Bloods have alliances with other gangs, such as the Latin Kings and the Black P. Stones.

- **Rivalries**: Their primary rival is the Crips, but they also have conflicts with other gangs like MS-13 and the Aryan Brotherhood.

The Bloods have a significant presence across the United States and continue to be a major force in gang-related activities.
